HAMMER is a European brand of rugged phones with increased durability and resistance to moisture, dust and shocks, which can cope with extreme conditions, are ideal as work tools and impress with their unique design.

Since 2014, we have been supporting our customers every day, both at work and in pursuing their passions. We supply not only phones, smartphones, and smartwatches. Our product portfolio includes matching accessories that support and extend the functionality of HAMMER phones.

HAMMER 

**EUROPEAN BRAND
OF ARMORED PHONES**

The durability of HAMMER phones is confirmed by relevant certificates and military durability standards.

In addition, before they hit the market, the devices undergo a series of extreme internal tests. This ensures that the devices we deliver are exceptionally durable and resistant to contact with water, dust, and falls from heights.

Water and dust resistance

HAMMER ACCESSORIES

ACCESSORIES

HAMMER IRON V CASE

Protective case with a rotating rear clip and carabiner for attachment, providing additional protection and practical use of the smartphone during work and outdoor activities.

HAMMER IRON 6 CASE

Equipped with a rotating handle and carabiner, this case is a great solution for active people who value safety and convenience when using their smartphone.

HAMMER EXTREME CAR HOLDER

Durable car mount with a wide range of adjustment (4-7"). Great for HAMMER smartphones and more.

HAMMER USB-C CABLE

Durable 1m nylon cable with universal USB-C connectors and magnetic particles that prevent tangling.

HAMMER USB-A CABLE

A solid 1m cable with nylon braiding and magnetic elements. Durable, convenient, and versatile.

Compact, fast, and reliable HAMMER chargers. The devices are available in three charging power variants – 30W, 65W, and 100W. The chargers are equipped with universal USB ports and support Power Delivery technology for efficient charging.
